Technology Park Adelaide

Innovation | Integration | Imagination

innovation

success

Technology Park Adelaide is the premium address for innovative high tech organisations who want the flexibility to grow.

Technology Park Adelaide represents an exceptional opportunity to establish a technology based business in a **vibrant world class community**, set amongst a 65 hectare urban parkland. Located at Mawson Lakes, it offers a unique place to work, learn and live whilst enjoying the attractive lifestyle advantages available.

The Park presents a **thriving environment of industry clustering and networking** with a proven track record of collaboration, building on the established industry hubs for defence, information communication technologies and advanced electronics.

Technology Park Adelaide is the **centre of technology and business opportunity** in Adelaide, surrounded by all other key business, commercial and industrial hubs, the CBD, international airport, amenities and universities, all within easy reach.

The **onsite Park Management** is committed to ensuring that Technology Park Adelaide maintains its vital role as South Australia's destination for business innovation. It offers unlimited growth options for businesses, by encouraging and supporting business expansion with tailored accommodation solutions.
